

ERRATUM

RESPONSE

Support the *Manchester Manifesto*: a case study of the free sharing of human genome data

Huanming Yang*

BGI, Beijing, China

In this Response, published in Prometheus, Volume 29, Number 3, pp. 337–341 (DOI:10.1080/08109028.2011.631275), Figure 2 is incorrect. The correct Figure 2 is displayed below. Taylor & Francis would like to apologise for this error.

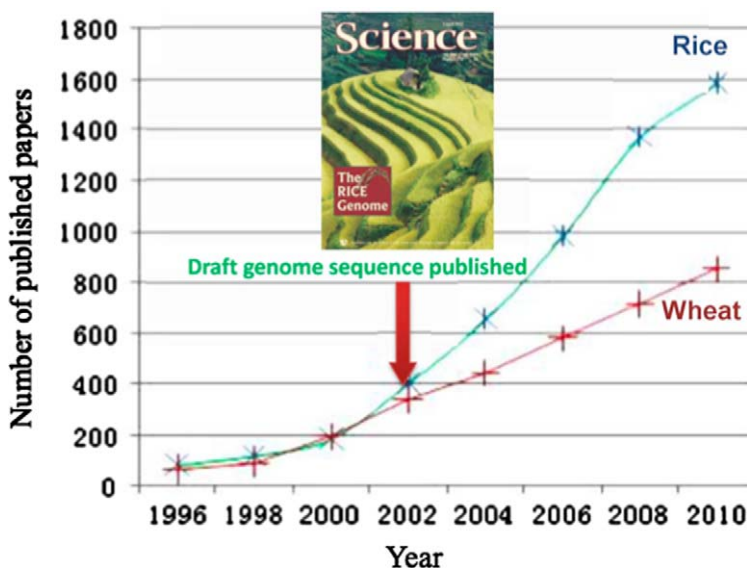

Figure 2. The impact of free sharing of the rice genome sequence data on rice research in developing countries
